## FEDERALS WHIPPED

TWO DAYS BATTLE RESULTS IN SWEEPING VICTORY FOR MEXICAN REBELS.

El Paso, Tex., Nov. 25.—After two days of severe fighting Gen. Villa's Constitutional troops tonight at 8 o'clock had the federals, commanded by Gen. Jose Ynez Salazar, Marcel Caraveo, Mancilla and Antonio Rojas, under full retreat, and the battle around Juarez is now claimed a complete Carrancista victory. It means the possession practically of the entire State of Chihuahua.

Gen. Villa telegraphed his chief aide, Col. Juan N. Medina, in Juarez, that the federals were in "disgraceful retreat" and that they had abandoned their artillery and three of the seven trains which conveyed them from Chihuahua. It is variously reported that more than 500 prisoners were also taken by Villa.

It is variously estimated from different sources that the federal dead will total more than 1,500 and 500 will cover the number of Carrancistas killed.

Villa's troops will be recalled into Juarez in the morning for reorganization.

At 4 o'clock this morning Gen. Villa had strengthened the center of his crescent-shaped firing line and had spread the wings out thinly. The artillery had been concentrated in the center and placed in commanding positions.

Shortly before 5 o'clock, and just as the sun was peeping over the hills, Villa assumed the offensive and began a heavy cannonade of the federal lines. The fire was returned spiritedly and within a few minutes after the first shot the battle was in full progress along the whole line of battle, extending from Baucha on the west to Zaragosa on the east, a distance of fifteen miles.

Two thousand federals came up to Zaragosa during the lull Monday night to reinforce Gen. Salazar, who was almost surrounded, but they were cut to pieces by the charging cavalry. Gen. Salazar is reported a prisoner, but this is without confirmation tonight.

With the Carrancista left wing standing impregnable and the center aggressive, the federals turned their attention to the right wing and tried to swing it, but this advance proved disastrous for the Huerta men and they were driven back with heavy losses.

All along the line the firing was heavy and incessant. Shortly before noon the center of Villa's force opened up with rifles and this disconcerted the federals, who were fighting only with artillery.

At 1:30 o'clock this afternoon there was a lull in the fighting along the line with the exception of the right wing at Maucha, where the federals seemed to be centering in an effort to break through the enemy's line. At Zaragosa the fighting had ceased entirely. A courier from that wing reported to Col. Medina that Salazar's command had been wiped from the face of the earth and that a few prisoners had been captured and executed.

When the battle broke anew it was at Baucha. Most of the Federal and Carrancista artillery had been moved to the famous old battle ground and it was at this place that the bitterest fighting was to take place.

Shortly after the first lull in fighting at 1:30 o'clock, a hospital train bearing twenty-two wounded arrived in Juarez. They were placed in the hastily arranged hospitals scattered around town. Dr. C. F. Braden, president of the El Paso branch of the National Red Cross Society, had been appealed to, and he was in communication with Washington, securing permission to move to Juarez and assist the wounded. Many of the men were dying for the lack of proper medical attention.

When the fighting was resumed at Baucha the cannonading seemed to be getting nearer Juarez all the time and this led to the general impression that Gen. Villa was being driven back. Rifle fire was also plainly audible.

Major Robert E. L. Michi, acting commander of the Second United States Cavalry Brigade, ordered all of

the Second Cavalry to El Paso from Fort Bliss when it looked as though Gen. Villa was being driven back into Juarez. He explained this move on the part of the United States troops as being merely a precaution.

At 4 o'clock this afternoon the artillery firing had ceased and only the rattle of musketry could be heard. Gen. Villa reported at that hour that he was of the belief the Carrancistas had won the battle, but stated he was taking no chances and that he was concentrating his troops for a final attack on the federal lines, which was soon made with the result stated.

He ordered a train sent south to Tierra Blanca to convey the 400 federal prisoners and many wounded back into Juarez and this order was complied with by Col. Medina.

## WOODMEN BANQUET

WOODMEN CIRCLE AND W. O. W. ENTERTAIN DISTINGUISHED VISITORS.

Tuesday evening will long be remembered by the Woodmen Circle and W. O. W. of Ada. The joint meeting at the city hall and elaborate spread at the Palace were both events worthy of being remembered.

Promptly at 9 o'clock the Woodmen filed into the city hall where the Circle had already assembled, and Mrs. W. B. Adair, guardian of the Grove, called the meeting to order and presided in her usual pleasing and affable manner. She introduced Mrs. Manchester, the supreme guardian, who made a short talk for Woodcraft expressing her pleasure at the growth of the Ada Circle and the spirit of co-operation existing here between the Circle and W. O. W. She is much impressed with the possibilities of Oklahoma and the bright future of the order in this state. She also complimented the excellent drill work of the Ada team, a compliment well merited for under the command of Mrs. Wetherington the team gave an exhibition that was truly beautiful and elicited much applause from the Woodmen.

The Circle then insisted that the Woodmen team give a drill, and although several members of the team were new men, Capt. Wyatt and his company gave a very creditable exhibition.

At 10 o'clock the crowd adjourned to the banquet board and 116 partook of the three course repast arranged for by the Circle.

Mrs. Wetherington presided as toastmistress. The mayor welcomed Mmes. Manchester, Meadows and Swank, and Mrs. Manchester the guest of honor, gave a brief reply in which she stated that this was the best entertainment accorded her in a long time.

R. C. Roland made a few happy remarks in course of which he highly complimented to supreme guardian, and C. C. Williams delivered the address of the evening, winning new laurels as an after dinner speaker. Mrs. Meadows closed with a stirring address in which she praised the good work of the orders and paid a tribute to Mrs. Manchester.

### Football Notes.

It is rumored at Hanover that Dartmouth will not play the Carlisle Indians next year.

New York University has not scored a point all season and its opponents have made 184 in seven games.

When it comes to mileage traveled in 1913, Carlisle and Notre Dame stand at the top of the college elevens.

Both Holy Cross and Georgetown have made good records this year and are in tip-top condition for their game on Thanksgiving Day.

The Auburn team which beat Vanderbilt, 14 to 6, this season, has been playing the Commodores for twenty years, in which time they had previously not won even a single game.

## THANKSGIVING.

Tomorrow most work will be laid aside for the day while the citizens of the U. S. take a few hours of rest in which to consider the many things for which they should be thankful. It is very fitting that such a day be observed, for in the rush of every day life, we seldom stop to consider what has come our way that is worthy of remembrance. One is prone to exaggerate his misfortunes and forget his blessings.

Citizens of Ada have good reason to rejoice at this season, for the crop yield has been so much larger than anticipated, and the good prices prevailing have put the country in a far more prosperous condition than two months ago looked possible. At that time the situation looked anything but hopeful, and the change in the aspect of matters is certainly something that all should feel thankful for, and over which all should rejoice.

## KIND WORDS FOR SIDNEY.

We have no desire to butt in on the political contests of our neighboring state, Oklahoma, but we cannot resist the impulse to remark in passing that the Hon. Sidney Suggs is a builder and should be elevated to the position of United States senator, not only would Oklahoma be benefited by his service, but the entire Southwest as well. He may not be as epigrammatic as his opponent nor shine as well on the lecture platform; but when it comes to good old solid work the exercise of good old "hoss sense," the Honorable Sidney would shine like a new dollar, and in service rendered reflect honor and glory upon the state that commissioned him. Suggs and Gore both lived in Texas before going to Oklahoma, and if the contest could be pulled off in Texas the former could proceed with his great work of building highways with the absolute confidence of election and without the expense of a dollar.—Denison Herald.

Durant and Ada have always been close rivals in the way of cotton receipts, but this year Ada seems to be in the lead by a thousand bales, the Durant Democrat reporting about 9,000 to date. When it is remembered that that section had considerably more rain than the vicinity of Ada, the record made here is all the more gratifying. Ada will be right at the top of the list this year.

Endorsed by the Leading Ministers.

The ministers of the City of Enid, Oklahoma, accepted an invitation in a body to see the great Masterpiece of Humanity, better known as SATAN, that they might pass their judgment on its morality and other good qualities, and they are all frank to say and agree that this Great Masterpiece is by far the best in many ways that they have ever seen exhibited on a motion picture curtain, and are free

to recommend this to all classes of people. While they are not in favor of many of the motion picture houses of today, they agree that this picture has great possibility of removing the objections against the motion picture houses and has great possibilities of accomplishing an untold amount of good in an educational way, as well as raising man to a higher standard. In this body of ministers was one of the most noted Evangelists in the United States, Lincoln McConnell, who had just completed a six week's meeting here with 1,000 people accepting Christ. He said that he had visited many of the best motion picture houses and at no time had he ever witnessed a better motion picture.

In order to accommodate patrons and to make it possible to handle the Christmas business gradually, Postmaster General Burleson has granted permission for senders of Christmas packages to write on the wrapping of packages: "Not to be opened until Christmas." ## TWO LADIES SUFFER VERY PAINFUL INJURIES

This afternoon Mrs. M. P. Donaghey and her daughter, Mrs. W. E. Pitt, were painfully injured by being thrown from a wagon at the 6th street bridge. Mrs. Donaghey sustained the breaking of a collar bone. Mrs. Pitt had a badly bruised shoulder and was unconscious for thirty minutes after the accident. However, both were given prompt medical attention and are expected to recover quickly.

With Mr. Donaghey the ladies had started to Allen. They were in the rear seat of the wagon, which was not fastened down, and when crossing the bridge it fell off, throwing them out as stated.

Suits made to order.—Swiss Cleaning Co., Phone 136. 197-34

## FEEBLE OLD PEOPLE

Are Told How to Regain Strength and Vigor.

As one grows old the waste of the system becomes more rapid than repair, the organs act more slowly and less effectively than in youth, the circulation is poor, the blood thin and digestion weak.

Vinol, our delicious cod liver and iron tonic without oil is the ideal strengthener and body-builder for old folks, for it contains the very elements needed to rebuild wasting tissues and replace weakness with strength. Vinol also fortifies the system against colds and thus prevents pneumonia.

Mrs. Mary Ivey, of Columbus, Ga., says: "If people only knew the good Vinol does old people, I am sure you would be unable to supply the demand. I never took anything before that did me so much good as Vinol. It is the finest tonic and strength creator I ever used in my life."

If Vinol fails to build up the feeble old people, and create strength we will return your money.—Gwin & Moore Co. Druggists, Ada, Okla. adv. P. S. Vinol also stops itching and begins healing at once.

## QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts if your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts or if the urine is cloudy, offensive, full of sediments, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any reliable pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the blood pure, thereby avoiding serious kidney complications.

## GOV. BLEASE ISSUES MANY PAROLES AND PARDONS

Columbia, S. C., Nov. 25.—One hundred convicts at the state penitentiary and on chain gangs throughout the state today were freed by Governor Cole L. Blease. The number includes twenty-six convicted of murder and twenty-six convicted of manslaughter. One man was granted full pardon, one's sentence was commuted and the others were paroled.

Governor Blease, in a recent statement, said the convicts are granted clemency, "that they might eat their Thanksgiving dinners at home with their loved ones."

The governor since coming into the executive office three years ago, has granted nearly 900 pardons, paroles and commutations.

## McKEOWN'S DECISION SUSTAIN'S CRUCE

Oklahoma City, Ok., Nov. 25.—The legislature in adopting the Curry bill at the special session last spring abolishing the office of State Enforcement officer, acted beyond its constitutional authority. So held District Judge T. D. McKeown of Ada, conducting a special term of court in Oklahoma county. The case was brought by County Attorney Pope at the request of Gov. Cruce to determine the legality of his veto of the act in question. An appeal will be taken to the supreme court with a request for its advancement on the docket.

At the regular legislative session last winter an act was passed putting the office of State Enforcement officer out of existence, which Gov. Cruce vetoed. An attempt to pass the bill over his veto failed in the senate by one vote, owing to the emergency clause being attached, but it never reached the house for action there.

When the special session came the governor's opening message authorized abolishment and combining of offices state and county. Representative Curry of Tulsa county and others offered a bill abolishing the Enforcement Officer's position, this time without emergency. Gov. Cruce again attached his veto when the bill reached him, and both houses passed it over his objections, to go into effect with nonemergency act on Oct. 4.

Judge McKeown held today that inasmuch as the governor vetoed the act during the regular session, in submitting his message of official abolishment at the special session, it was reasonable to presume the executive intent did not include the enforcement officer's position, hence the legislature's final action was a nullity. The court followed a case nearly analogous in the Third Nevada Reports.

On June 1 W. J. Candill of Hobart resigned the office of state enforcement officer, and Gov. Cruce appointed Bert Tillotson of Nowata county, a former member of the legislature. Mr. Tillotson was his own attorney in today's proceedings.

### TAXES FOR 1913

### WILL BE LOWER

The taxpayers of Ada will find easier sailing during the coming year than during the past. The county levy will be two mills lower, and the local school tax will be at least a mill below the levy for the past year. The state rate will probably be about the same. In view of the fact that more was levied for the city last year than was needed and that it is no longer necessary to make levies for the waterworks and sewer funds, the city levy should also be reduced some what.

### Zion's 13th Anniversary.

Chicago, Ill., July 15.—Today was the thirteenth anniversary of the founding of Zion City by "Dr." John Alexander Dowie. In the days of "Prophet" Dowie the anniversary was always an occasion for celebration and rejoicing, but since the death of the leader there has come a mighty change over the condition of affairs spiritual and material in the little north shore suburb and today the town's birthday anniversary was allowed to pass unnoticed. Internal dissensions appeared among the Dowieites soon after Dowie's death and the past few years what is left of the sect has divided into rival factions and has been engaged in a continuous fight for the political control of the town. But while the "spiritual" vitality of Zion City has been on the wane the material prosperity of the town has increased. Many of the industries founded by Dowie have since passed into the hands of outsiders and are said to have prospered.

### Priestly Will Run.

Bartlesville, Ok., July 15.—George C. Priestly, a wealthy oil man of Bartlesville, is to be the Progressive candidate for governor next year. This was made public at a meeting of Progressive leaders. Col. Priestly is National Committeeman of the Progressive party in Oklahoma.

### Pythians Meet in Conclave.

Fargo, N. D., July 15.—Two days of unusual interest and activity in Pythian circles were ushered in here today with the opening of the annual session of the North Dakota grand lodge of the Knights of Pythias. The ladies' auxiliary is also in session and the joint gathering has attracted several hundred delegates and visitors from all over the state.

### Georgia Veterans in Reunion.

Brunswick, Ga., July 16.—Plans for an organized movement to urge the admittance of Confederate veterans to Federal soldiers' homes and the payment of pensions from the federal instead of the state treasuries to the dwindling number of those who fought for the "lost cause," were discussed here today at the annual reunion of the Georgia division of the United Confederate Veterans. The opening session this morning was devoted to the exchange of greetings. This afternoon the veterans listened to an address by Governor Slaton. The reunion will conclude tomorrow.

### HARRIS CASE STILL ON TRIAL

(Continued From Page One.)

Two or three witnesses testified at the beginning of the afternoon session whose testimony is not given, the reporter being out of the court room at the time.

Carlos Brents: Was about in front of pool hall when Braddy was killed; heard scuffle in pool hall; Braddy and Harris wrestling over something; looked like gun; Braddy seemed to have hold of butt of gun; were facing each other; left before first shot was fired.

The case will probably be given to the jury sometime Thursday.

### Biggest Booze Smashing on Record.

Muskogee, Ok., July 15.—With the thermometer standing at 100 and crowds of excited merchants and professional men standing outside a force of United States marshals, dressed in overalls spilled 17,000 bottles of beer and a carload of whiskey, wine and gin into a storm sewer in front of the federal building here Tuesday.

The destruction, by the court's order, took over eight hours. Crowds of small boys scooped up the liquor in shoes boxes, caps, glasses and cups.

### Bolen Is in Line.

Washington, July 16.—The nomination of Hubert L. Bolen as United States revenue collector for Oklahoma was reported favorably to the senate by Senator T. P. Gore, member of the finance committee Tuesday. The report makes Bolen's confirmation a certainty.

### REPORTED THAT JUSTICE JESSE DUNN WILL RESIGN

Oklahoma City, July 16.—Governor Cruce said Monday that he had received no official notice that Supreme Justice Jesse J. Dunn would resign, effective September 15, but admitted that he had heard the current rumor to that effect.

Justice Dunn's family has been in California since the state offices moved from Guthrie to Oklahoma City, and it has been reported that he would locate in that state, if he severed his connection with the court.

### Interesting Committee Report.

The committee on the marketing of products inspected the bakeries, meat markets, and soda fountains of the city yesterday. They report good condition in most of the soda fountains. The meat markets and bakeries were in ordinary condition, but all promise the committee their aid in making the city more sanitary. The committee wishes to thank the proprietors for the courtesies shown them. Let us all strive for a cleaner, more sanitary city.

Thanksgiving in New Orleans.

New Orleans, La., Nov. 26.—All the attainments of the famous Creole culinary art will be in evidence here tomorrow. While New Orleans was still a French city and Louisiana a French colony the Thanksgiving holiday became an institution, borrowed from the New England sailors and merchants. Second to France, it was with the New England states that the colony did the most trading. As a result there were always a number of ships in the harbor manned by New Englanders. In addition there were many New England traders and agents resident in the city.

New Orleans already was famous in two hemispheres for the good cooking which characterized its homes and hotels. On Thanksgiving day it was the custom for the masters of the vessels to arrange a banquet for all their men. No expense was spared on this one occasion and the feasts that resulted were so noted that few historians of the period failed to mention them.

Spectacular as was the annual glutting of the New Englanders, the festival was not slow in becoming a Crescent City institution. The spiritual side of the day was to a great extent lost sight of, but as a day of big dinners the holiday has been observed regularly for more than a hundred years. On this day, more than any other in the year the cooks of New Orleans strive hardest to win new laurels. With tables weighted down with every known delicacy provided by the bounties of sea and land, the day continues to be one of the most popular in a city rich in feast days.

Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

## DURANT PEOPLE MUST BE ON HAND

The number that will come was not stated, but it is thought that at least two hundred Ada people will be on the train. They are coming prepared to yell their team to a victory. This must be offset by Durant citizens who must attend and give their team such co-operation as will carry the home boys to the 1913 football championship of the Normal schools of Oklahoma.

This promises to be the hottest and warmest game ever played in this city. Only once this season has the goal line of the Normal been passed and that was with the strong Dallas University team, in Dallas, some time ago. When Dallas was here last Friday the Southeastern's goal was never in danger of being passed, so it will be readily seen how strong the

locals have grown. Not a normal team in Oklahoma has scored against Durant this year, and Coach Laird and his men are preparing to see that they will go through the entire year with not a score marked up against them. And Ada must suffer.—Durant Democrat.

## HELPLESS AS BABY

Down in Mind Unable to Work,  
and What Helped Her.

Summit Point, W. Va.—Mrs. Anna Belle Emey, of this place, says: "I suffered for 15 years with an awful pain in my right side, caused from womanly trouble, and doctored lots for it, but without success. I suffered so very much, that I became down in mind, and as helpless as a baby. I was in the worst kind of shape. Was unable to do any work."

I began taking Cardui, the woman's tonic, and got relief from the very first dose. By the time I had taken 12 bottles, my health was completely restored. I am now 48 years years old, but feel as good as I did when only 16.

Cardui certainly saved me from losing my mind, and I feel it my duty to speak in its favor. I wish I had some power over poor, suffering women, and could make them know the good it would do them."

If you suffer from any of the ailments peculiar to women, it will certainly be worth your while to give Cardui a trial. It has been helping weak women for more than 50 years, and will help you, too.

Try Cardui. Your druggist sells it.

## SATAN.

It is difficult for the ordinary individual to realize the great number of people who daily attend the moving picture theatres to see thrown upon the screen stories taken from all phases of life, and today it is without doubt, the most popular form of amusement. The Ambrosio Company of Italy has just finished a marvelous production, to which they have given the title of "SATAN" or "THE DRAMA OF HUMANITY" which is certainly a masterpiece of its kind. Never since Dante's Inferno was produced has a subject of equal merit been placed before the public. This company, one of the foremost producers in the world, has spared no pains or expense in making a film which portrays the effects of the evil one on mankind from the days of Adam to the present time. The story embraces four periods of human life.

The first part shows Satan after being thrown from Heaven in the role of the Tempter in the Garden of Eden. He succeeds in corrupting Adam and Eve, who, having sinned against God, are expelled from Paradise. The first part of the film shows the principal events in the world as told in the Bible up to the building and destruction of the Tower of Babel.

The scenes in the second part are laid during the time of Christ in Jerusalem. Here Satan, in the guise of a Pharisee, influences that sect and the people of Jerusalem to crucify Christ, and the manufacturers have here introduced some marvelous scenic and dramatic effects. The scene showing the crucifixion of the Saviour is a really wonderful one and his resurrection and ascension, as shown in this film, surpasses any previous attempts to show this particular event in all its realism.

The third part of the story is laid in the medieval period, and Satan instructs the chemist in the manufacture of the first terrible ally of the evil one, namely, alcohol. The results from the consumption of liquor are shown in a striking manner and the scenes here depicted are especially fine.

The fourth part of this marvelous photoplay shows modern life. A battle for existence and the struggle between poverty and wealth. Satan, in the guise of a magnate, induces the passage of laws which are detrimental to the workingman. Then, donning the garb of a workman, he incites his fellow laborers to protest against the unfair legislation, and a monstrous strike is declared. Riot, woe, robbery and murder, all foreseen by Satan, is the result.

This last part of the story is particularly dramatic. The author, possessed with a fertile imagination, has drawn a wonderful picture of modern life.

This entire series should be seen by every man, woman and child. There are lessons to be derived from every foot of it and the patrons of the De Sota theatre, where this marvelous production will be shown on next Friday are assured of a genuine treat.

GIVING CONTEST.

Chapel hour at the normal this morning was a very enthusiastic period, the prospect of a victory over Durant being the impelling motive. It is now certain that a large crowd will go to Durant on the special train tomorrow, and it is urged that every one provide himself with a cow bell, or some other noise-producing instrument, and also be plentifully supplied with the gold and black colors of the East Central.

Coach Clark, to whom much credit is due for his effective work in bringing the normal team to its present high state of efficiency, states that his boys are in fine condition, and the chances of winning most excellent. Following is the line-up:

Center, V. Rollow; Guards, F. Rollow, Blanford; Tackles, Messenger Stegall; Ends, R. McMillan, Robison; Halves, Roddie, McCain; Quarterback, C. McMillan; Fullback, Matthews; Subs, Half-back, Donaghey and Jones; Full, Wallace; Line, Cottingham; End, McDaniel.

## OKLAHOMA HAS THREE AGRICULTURAL BOARDS

Oklahoma City, Nov. 26.—Complications were added to the board of agriculture controversy when Ewers White, heading another faction of the "aggie" board claiming title as members of that body applied as interveners in the suits that have been brought to test the proposition. The action by White and his faction is instituted in the case of another faction of the board which secured an injunction against the five member board following the discharge of President Connell and four heads of departments of the A. & M. College. The faction represented by White is composed of Charles E. Scott, J. W. Hubbard, Ewers White, G. M. Snider, J. B. Swartz, J. W. Allison, J. B. Tosh and J. B. Wills. The controversy has now resolved itself into three factions, each claiming to be the real board of agriculture. It will probably be a long drawn out court tangle.

## FINE SPECIMEN OF CAULIFLOWER

In support of the claim often made by the News that anything that grows in the temperate zone can be raised to advantage here, Mrs. Marsteller, who lives on East 16th street has succeeded in raising some very fine specimens of cauliflower, one of which weighing 2 1/4 pounds, she presented to the News.

This delicious vegetable was as fine as could be raised anywhere and points again to scientific gardening as an avenue of large profits. Besides this, she has many varieties of other vegetables, demonstrating that fall gardens, when properly tended, pay good dividends.

changed a fair interest in his business.

Don't think many men are of the right sort and they make a strong team in his business.

There is no one line of endeavor in a community more necessary than the presence of high-grade hotel accommodations, and while Ada has one or two more imposing hotel structures or that are more elaborately furnished and furnished still she has none that are better than the West End Hotel.

This hotel, which is located at the west end of Main street opposite the new Frisco Depot, gives all that one would ask in the way of hotel service. It is furnished substantially and guests receive every attention. The great feature of this hotel is the dining service—there isn't much question but that better meals, more tastefully cooked and served can be obtained at this hotel than at any other in Ada.

This is a hotel that is patronized by the better element of people, a large meal trade coming from amongst residents of the town who appreciate good things to eat. The rates at this hotel are \$1.25 and \$1.50 per day, with special rates by the week. Mrs. McC
